Aspiring User Interface Designer, Motion Designer, and occasional Digital Doodler... Ethan Sinica, R.I.T. New Media Design graduate.

In day-to-day life I look to make people think and laugh. I aim to do that in my design work as well.

Through my education and personal studies I've become proficient in Illustrator, Photoshop, After Effects, Premiere Pro, Cinema 4D, and Figma. On a related note, Javascript is also quite satisfying to me.

Rochester Institute of Technology Class of 2020

BFA in New Media Design
Minor in Music and Technology
Honors: Dean's List

Software	Literal	Abstract
Adobe Suite	Micro-Interactions	Cross Mediums
Cinema 4D	Motion Graphics	Adapting through past experiences
Figma	Prototyping	

Synacor Summer 2018 Design Internship

Worked mostly on products for in-house use and worked on early stages of a company re-brand.

Origami Kayaking Fun Facts that are probably false Skiing
Bowling Being the somehow stern humorist Cats
